Would you mind re-sending it

thanks

Subject: RE: Phase 1 lighting information

Phil,
The lighting cut sheets are now in Appendix B. It is too big of a file to send. It was a part of the specifications in the Construction Documents, Permit and Bid Drawings issuanceLight fixtures are called out on the architectural drawings Reflected Ceiling Plans (A12 series in Volumn I) and on the engineering drawings, Electrical Lighting Plans (E0101E through E0111WP in Volumne II). . If you still can't find it let us know and we can resend the link through Newforma.

Can you supply me with "Appendix A: Lighting Cut Sheets"

The DID's have design intent narrative but the note regarding lighting says "Final fixtures may change as a lighting consultant is not yet on board".

I couldn't find the lighting layers in the 90% drawings, I only found them in the Phase 1 DID

submission, are their 90% for the lighting layer?

Thanks
Phil
